Once upon a time, high on a windy hill, Peter Pan visited a group of children — children thinking only of play and games—children who never, never wanted to grow old—when all at once—

SKETCH BOOK

Foreword

WENDY has left the Land of the Lost Children. The great glass windows have closed behind her, but the door to the nursery will open into a brand new world, with brand new adventures, for it is time to grow up at last.

In many ways, our desires are patterned after hers, for we were eager to play at adulthood and anxious to reach it. Yet, as we look back, we are more inclined to be as Peter Pan. We wish that we could remain in our childhood forever, having a new adventure every day, every hour, every moment, as our imaginations guide us. We have known pirates who were chased by Indians, Indians who were stalked by wild and ferocious animals. We have seen it all, and we have been part of it all. We have had wonderful "Nanas" who have cared for us, watched over us; we have even learned to fly. Nothing has been denied us, for we are the greatest wonder of the world; we are the children.

We have had incomparable adventures which we will never experience again, but now we are to step into the most wonderful, most exciting, most inspiring adventure of all—the adventure of life.

The memories of our experiences in the Land of the Lost Children will remain with all of us. In time, with some they will gradually fade, as we become concerned with the seriousness of the tasks which we are about, Peter Pan will fly into our rooms less and less often. Yet, others of us will never forget when it is time to return for a while and see that the spring cleaning is done, that noses are wiped, and that trousers are mended. And as time goes on and we are no longer able to make the long journey ourselves, Wendy, our children, and our children's children will follow the same path in our places, with Peter Pan at their sides. It is they who will refresh our minds and renew our memories. Through them we will become the possessors of the greatest power of all—the power of never growing old.

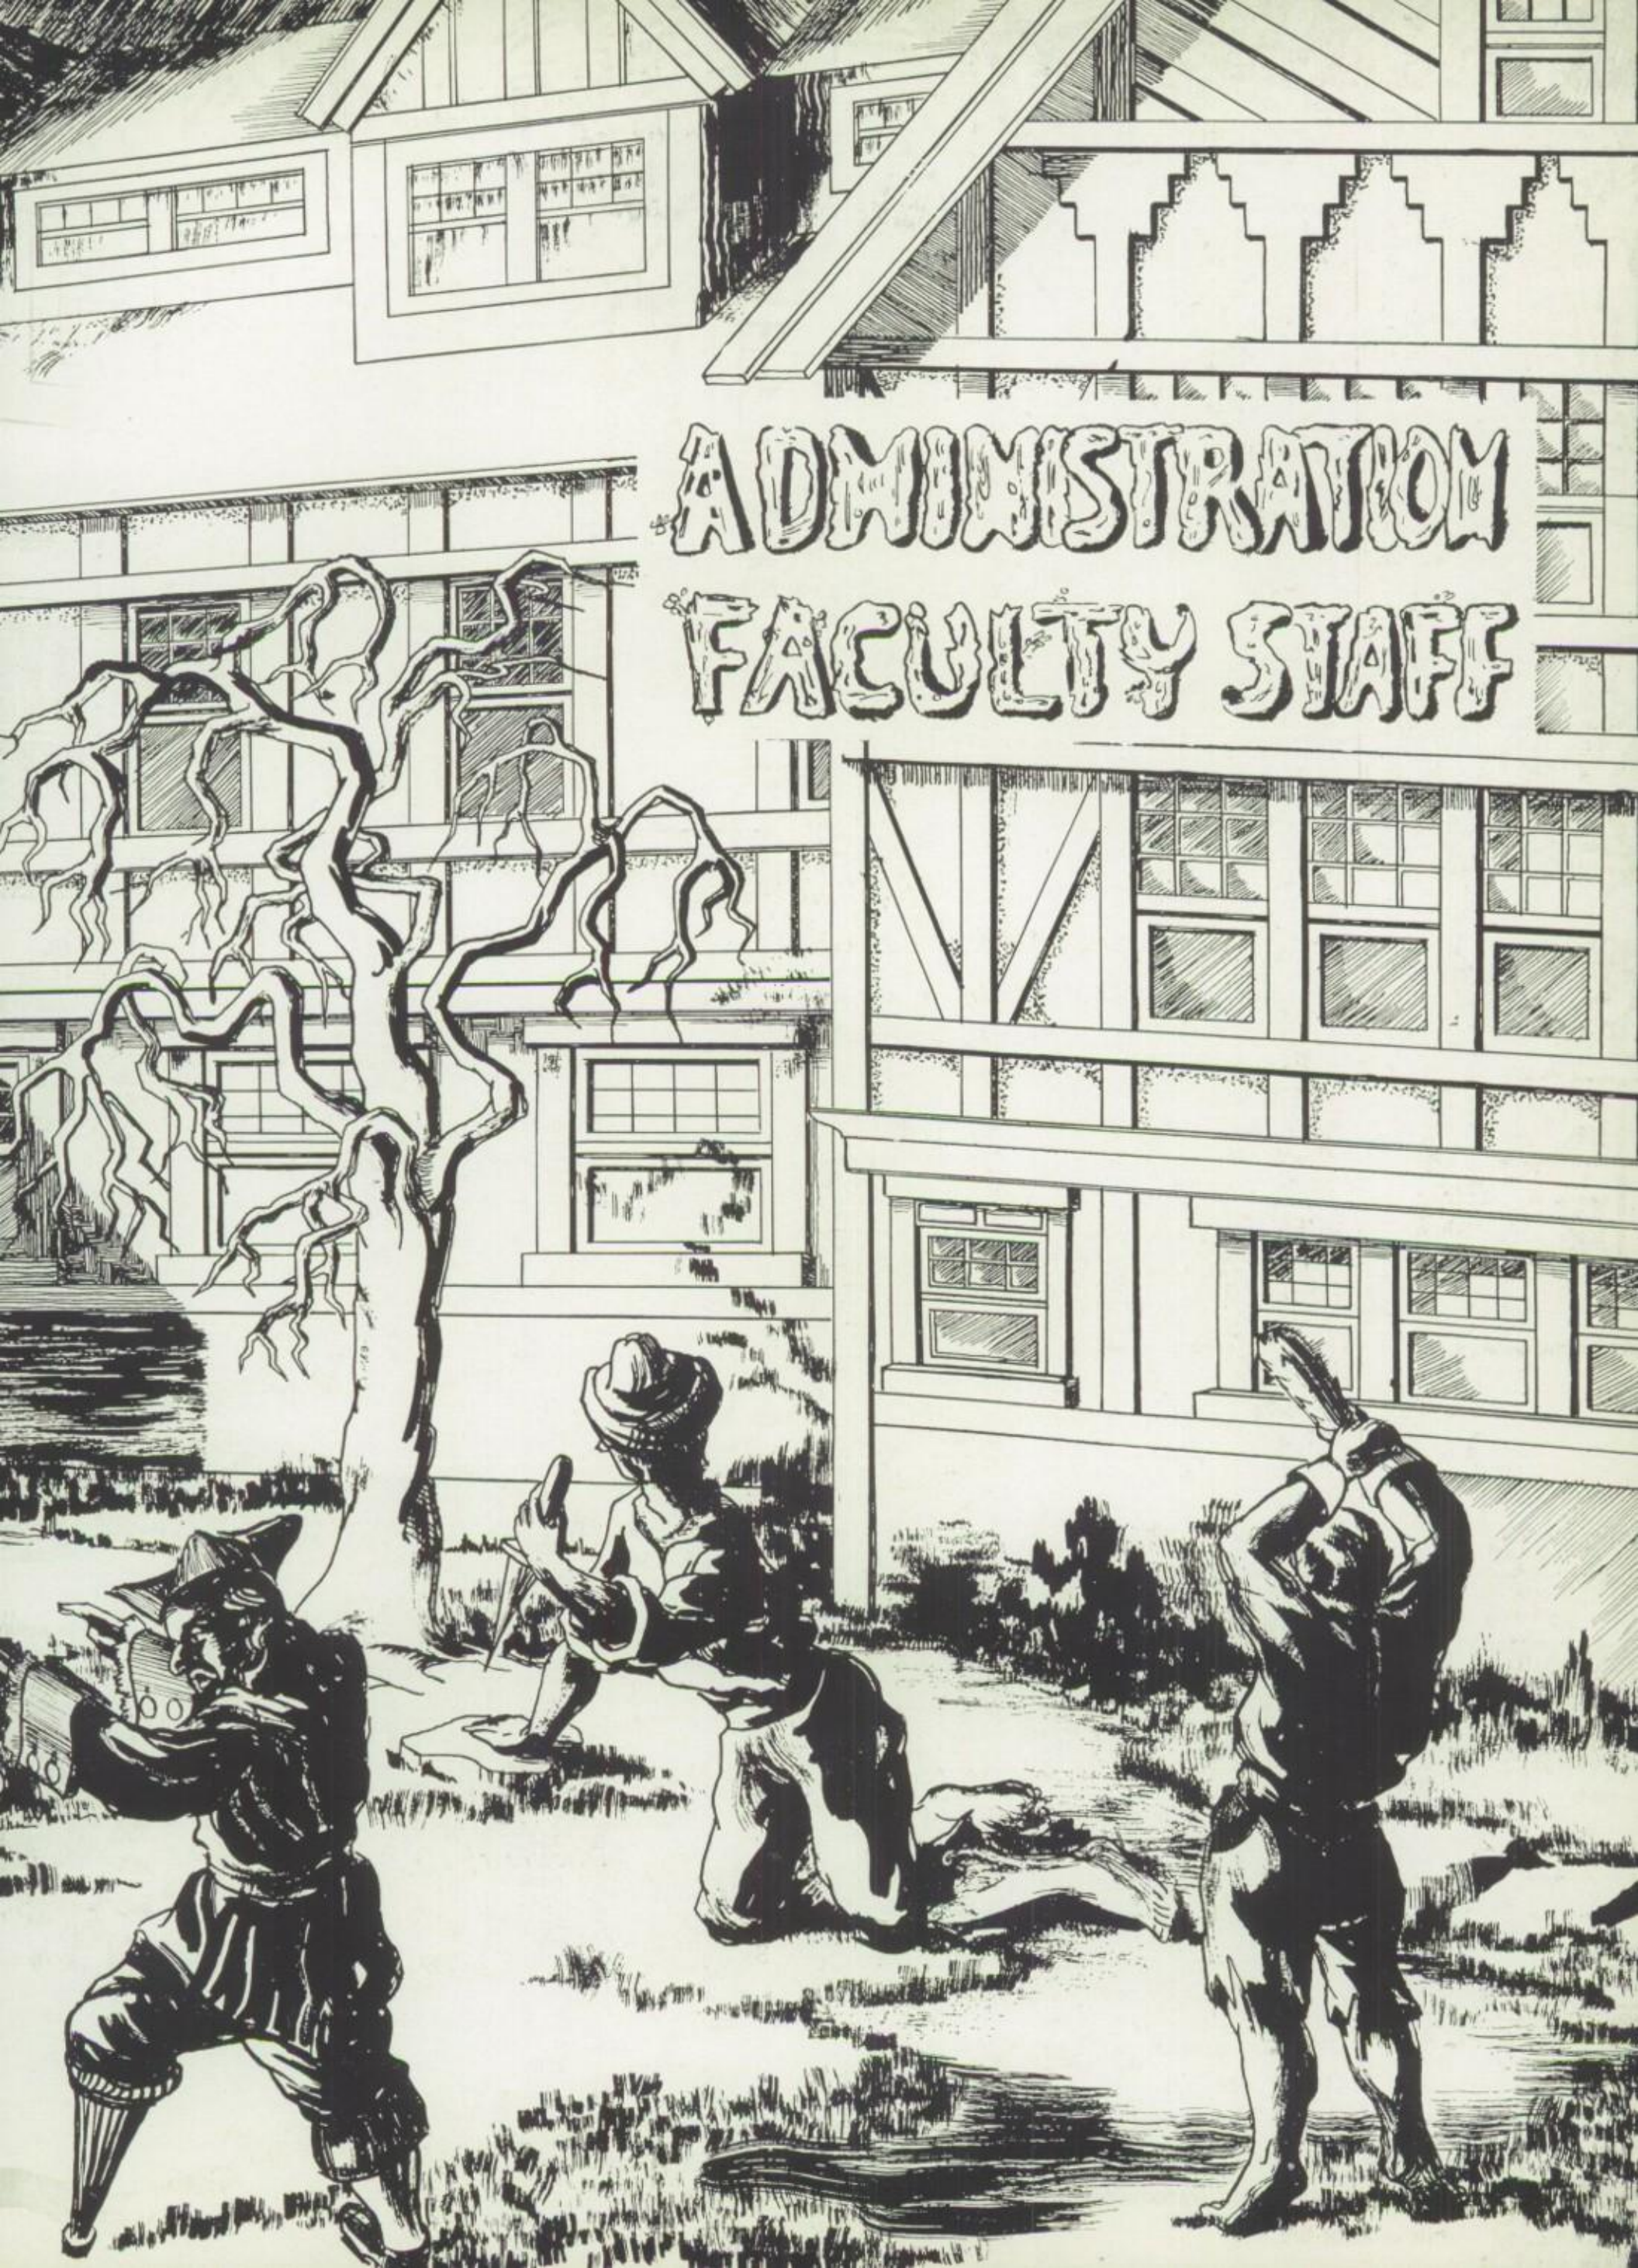

Dedication

ON behalf of the 1951 graduating classes we wish to express our deepest appreciation to MR. AND MRS. WALTER POWNALL for their unfaltering efforts to make our life at Edgewood Park run smoothly and harmoniously: to Mrs. Pownall for her unfailing patience and beneficial guidance as our Social Directress, to Mr. Pownall for his tireless vigil over our comforts and conveniences. We gratefully dedicate this yearbook to them and we will never forget their friendly assistance throughout our years of preparation for the unlimited experiences which lie ahead of us.

—descended a band of skillful and ferocious pirates, who interrupted those happy dreams of carefree play, limited their time for gleeful games and introduced the burdensome yet worthwhile tasks of life.

Dear Rita
 I'll never forget
 all the fun we had. We've
 this year at Edgewood. We've
 sure had "the greatest" times. We've
 trips to Howard Johnsons for cake roll
 and hamburgers and also our trips to
 Assing. I hope you will visit me whenever you
 come into New York as its where abouts, just call
 New Rochelle 6-6343 - don't forget.
 Be good and lots of luck to you in the future
 Love,
 Joan.

Dear Señorita.

This year would never have been the same if you had not been across the hall - We have certainly had lots of fun collecting "shot" glasses, eating Pizza, sewing, and all the other things.

Thanks also for keeping me company during our weekends at school. I will never forget a couple of them when we all had such a "time".

I hope that you will be able to get to Jones Beach sometime even if we never seemed to be able to during school.

Be good and lots of luck & happiness to you always in whatever you may do.

Love,

Polly

Dear Rita (Rita, Rite, Señorita, and Skeeter),
I really don't know quite where to begin!
It's been real.

We've had quite the times — haven't we?
I'm so glad that I got to know you better
this year — you're a terrific girl! And
listen now — these two years aren't going
to mean the end of it all — You can't
shake me off that easily — sooo this is
til we meet again SOON!

You just don't know how much I've
appreciated all those marvelous outings
in that beautiful Buick, and how much
I've enjoyed all those hair-raising experiences!
I never did get counsiled — more fun!

Oh those History of Painting classes —
Interior Dec. projects — pizza at "Papa John's"
— the night at the Cabin — I could
go on forever but room won't permit.

Rite — take good care of all those
men — and write me as much as them!
Be good now — 'I love ya dearly, Char
